

Building heritage in the Community

The EIC Building at University Square, University of Central Lancashire, Preston PR1 7DP 2.00pm - 5.00pm Friday 17th June, 2022

The built heritage of Lancashire enriches our lives and helps us understand the past. From grand civic buildings to humble rural dwellings, history surrounds us and it is rightfully ours to celebrate and share. But it should also be ours to define and shape. ***So how can you help make this happen?***

Two flagship projects in Lancashire are engaging with communities to help ensure the heritage of the county reflects the voices and the choices of the people.

The ambitious £13.2m ***Harris Your Place*** project at Preston's much-loved Harris Museum, Art Gallery & Library aims to reimagine the building and present it as a vibrant and diverse hub of community activity, for now and the future.

The ***Lancashire Local List*** project is working with communities to develop a county-wide register of 'local heritage assets', including buildings, monuments and landscapes that contribute to the character of the local area.

This event, hosted by those delivering the projects, is aimed at engaging with communities and encouraging community involvement. **We want to hear your voice.**

All are welcome to attend the event.

You can register on **Eventbrite**: <https://building-heritage-community.eventbrite.co.uk/>
